

Maciej Bernatowicz

Junior Front-end Developer

Work Experience

Junior IT Specialist Internship

Welcome Airport Services

(Oct 2022 - Nov 2022)

My tasks:

- Monitoring and maintaining local networks
- Providing technical support across the company
- Installing, configuring and maintaining software and hardware systems
- Designing and installing local computer networks

I co-managed and helped execute a project to set up a new working space for flight coordinators and supervisors at the airport

Education

Technical College T9L Heroes of Narvik

Warsaw, Poland

(Sep 2019 - May 2024)

I attended one of Poland's top technical colleges, where I acquired a comprehensive education in **computer science**.

My Projects

Portfolio

Choosing and displaying just one project in written form here would be difficult. If you're curious about seeing all my projects, you can find them in my portfolio linked below. It includes all of my work, giving you a complete look at what I've done.
